Interviewing KC Teachers

訪問康橋老師

We kicked off the new semester with an exciting theme-interviewing a KCIS foreign teacher. The students were so happy to interview the teachers to find out some more about them.

During the theme, the grade 1 and 2 students watched and learned some different interviews and identified the reasons why people like to conduct interviews. They were assigned a teacher to interview and they got creative when producing questions. They got the opportunity to use a real microphone and interview the assigned teacher.

They had a fantastic time finding out the answers the teachers provided. They also shared many giggles, especially with the answers to the question "how old are you?"

We are going to interview Ms. Vos.

My favorite food is pizza.

No, I don't have a pet.

Hi, Mr. Keough.
Do you have a pet?

Haha. It's a secret!

Hi, Ms. Shannon.
How old are you?

我們以令人興奮的主題迎接新學期的開始 — 訪問康橋外師。學生都很開心可以藉由訪問老師來更了解他們。

一、二年級的學生透過觀看學習不同的訪問，並且了解訪問的目的。他們設計出有創意的問題，並使用麥克風訪問受訪老師。

他們都很期待得到老師的答覆，尤其是聽到老師回答「你幾歲？」時，學生都咯咯地笑了。

Forecasting the Weather

天氣預報

"Welcome to the KCIS Weather Forecast!"

Our grade 3 and 4 students here at Kang Chiao reported the week's weather during English Village this month.

Students put their new knowledge to use by writing weather forecasts for the upcoming week. Next, they sat behind the news desk and reported their forecasts to the camera! They performed as professional weather forecasters and were not shy in front of the audiences.

All the students could see their bright faces on the real TV screen in front of them. This was a really educational and fun experience!

「歡迎收看 KCIS 天氣預報!」

三、四年級的學生這個月到英語村播報天氣。

學生運用所學撰寫下週的天氣預報。接著，他們坐在主播台前對著攝影機播報天氣。做為一個專業的天氣播報員，他們在觀眾前一點也不害羞。

學生們可以在螢幕上看到他們播報天氣的畫面。這真是一個既有趣又有教育性的體驗!

Welcome to KCIS Weather Forecast!

Don't leave home without your umbrella.

That's your weather report. Thanks for watching KCIS Weather Forecast!

Monday will be a sunny day. There will be a high of 21 degrees and a low of 13 degrees.

Reporting News

新聞報導

"Lights, camera, action!" Our grade 5 and 6 students got a chance to enjoy the spotlight as news anchors for KCIS News at English Village this month.

First, the classes learned how to write a realistic news report. In pairs, they wrote down and practiced dialogues to get ready for their big moments on the screen.

Our new TV stars were then able to see their faces on live video, reporting their own news stories. We heard enthralling reports of alien invasions and volcanic eruptions as well as free ice cream for all KCIS students.

This was a great and unforgettable experience for the students to see what it's like to speak English on TV.

「燈光!攝影機!開拍!」五、六年級的學生這個月在英語村擔任新聞主播，享受在聚光燈下播報新聞的時刻。

學生先學習如何撰寫新聞稿。他們兩人一組撰寫新聞稿並練習，為登上螢幕的重要時刻做好準備。

我們的電視新星可以在直播現場看到自己播報新聞。我們聽到許多吸引人的新聞，有外星人入侵、火山爆發還有提供康橋學生免費的冰淇淋。

對學生來說，這是一個非常棒且難忘的機會，體驗在電視上說英文的感覺。

Good morning!
Welcome to "KCIS News,"
bringing you the news for
