Vol. 3, No. 2A – January, 2020

International Department, Hsinchu Campus

Building Greenhouses

動手做溫室

How can we grow plants in terrible weather conditions? How does a greenhouse help plants grow? These are the questions the first graders examined in their greenhouse project.

在天氣不佳時,我們如何幫助植物成長?溫室如何幫助植物成長?這些都是一年級學生 於溫室專題中需要探討的問題。

PLAN

Discussing design possibilities and selecting materials to build our greenhouses.

我們討論各種設計的可能性,並挑選製作溫室的材 料。

TEST

Planting our bean sprouts in the greenhouse.

在溫室裡栽種我們的豆苗。

CREATE

Working together to build the greenhouse we designed.

共同製作我們設計的溫室。

REFLECT

Checking on our greenhouses and watering the plants.

時時關心我們的溫室,並幫小豆芽澆水。
