Visiting an Eye Doctor

看眼科醫生

This month Grade 1 and 2 visited the English Village Medical Center to get their eyes tested.

There were three roles; patient, nurse, and the doctor. Each role had dialogue to practice and it was great to see the confidence building in the children as they practiced their part. They practiced listening to their classmates and responding accordingly. It was great to see them working together to help practice their dialogues.

At English Village, they enjoyed greeting the patients, handing out numbers, and asking them to wait in line. The 'doctors' were very concerned with the patients and most left there needing glasses!

The students really enjoyed getting their eyes tested.

這個月，一二年級的學生來到了英語村診所做視力檢查。

這個主題中共有三個角色：病人、護理師和醫生，每個角色都有對話。看著學生在對話上越來越有自信，我們都感到很開心。他們練習聆聽同學們說的話，並給予正確的回應，學生們也互相幫助彼此熟悉對話內容。

在英語村，護理師會主動和病人打招呼、發放號碼單並且請他們稍等。醫生非常關心病人的眼睛狀況，並建議需要的病人配戴眼鏡。

學生都很享受視力檢查的過程。

What is the direction of the E?

Up.

Here is your number. Please wait there, thank you!

Thanks!

You should wear glasses, and you shouldn't rub your eyes.

Health Check

健康檢查

What happens when you go for a health check? What do you need to bring with you?

This month, our third and fourth graders had the opportunity to visit the KCIS Clinic at English Village. The students learned all about health checks and some interesting vocabulary to go with it.

Students got chosen to either be a patient, a receptionist, or a doctor. They took turns checking into the clinic, measuring their height, and pretending to take blood samples.

The students were able to simulate a health check and use the correct dialogue when doing so. They had a lot of fun pretending to be patients, receptionists, and doctors.

Let's measure your weight.

You are 132 centimeters tall.

Just relax!
Please clench your fist.
Breathe in. Done!

Does it hurt?

That was very quick!
Thank you.

Please apply pressure on the cotton for around 10 minutes.

做健康檢查時會遇到什麼事呢?你需要帶什麼嗎?

這個月，三四年級的學生去了英語村的診所做健康檢查。學生學習了健康檢查的流程，並學習相關單字。

學生選擇要當病人、櫃台人員或是醫生。他們在櫃檯報到、測量身高，甚至假裝做了抽血檢查呢!

學生們能夠使用正確的對話進行健康檢查，也很享受扮演病人、櫃檯人員及醫生的過程。

At the Pharmacy

在藥局

To start off English Village lessons this year our Grade 5 and 6 students had the opportunity to visit the Kang Chiao Pharmacy.

During their lesson, they paired up with one another and practiced their dialogues, role-playing the pharmacist, or the customer who needs medication.

Once they entered the Kang Chiao Pharmacy they could act out their roles. The customers needed some ointment for a rash on their upper arms and the pharmacists had to check if they had a prescription for the medication.

After acting out the dialogue, the students had a chance to come up with their own dialogues using the vocabulary they learned. They enjoyed telling about a medical problem and what they think would be an appropriate

I got a very itchy rash on my upper arm.

Cool! I'll take it.
Thank you for your help.

For this ointment you need a prescription.

在這個學期的第一個英語村課程，五六年級的學生去了趟康橋藥局。

課程中，他們兩人一組練習對話、扮演藥師和顧客。

當學生進入康橋藥局後，他們馬上進行角色扮演。顧客的上手臂因為出疹子需要買藥膏，而藥師要確定顧客是否有處方籤。

在演練完對話後，學生運用他們學過的單字做更多的對話練習，顧客告訴藥師他的問題並評估合適的藥品。

It is 240 dollars.
Take it twice a day.
