

Designing Bird Feeders

餵食器製作

Many people enjoy watching birds and hearing their cheerful songs. Our grade 6 students were challenged to design a bird feeder that would entice specific birds to come and eat in their gardens.

很多人喜歡賞鳥並享受悅耳的鳥鳴聲。六年級學生為鳥兒建造餵食器，並放置在田園區吸引特定的鳥來吃飼料。

PLAN

Students discussing their designs and considering different materials.

六年級學生討論他們的設計，並試著以不同的材料測試。

CREATE

Cutting the top part of the bird feeder requires concentration and effort.

切割餵食器頂端必須特別用心及專注。

CREATE

Students busy building their bird feeders.

學生們積極地建造餵食器。

PRESENT

Students discussing their project with their peers.

學生向全班發表他們的專題作品。
